HUNZA LOW VOLTAGE HALOGEN OUTDOOR LIGHTING

Pillar Lite #PIL IP66

The Pillar Lite illuminates both upwards and downwards, giving columns, gateway pillars and entrances a dramatic effect.

Machined from 10mm thick aluminium with a 77mm diameter mounting base, complete with stainless steel screws and is available in either a UV stable powder coated finish (standard colours green and matt black) or solid copper or 316 stainless steel with high temperature silicon gaskets.

Suitable for use with MR16 - 2 x 20 watt lamps and is supplied with high quality European 5000 hour lamps. Lifetime Warranty on Lens Breakage

Power Supply - HUNZA® Wall Mount series WM100 - WM600 computer managed safety isolating transformers. For internal mounting use 1 x HUNZA® H40 internal transformer.

Accessories: Frosted Lens, Glare guard, Cable Joint Kit #CJK150, Slot Beam Effect Attachment.

RETRO™ Fit Installation #PIL/R NZ AS3108 CE IP66

An installation where mounting a transformer is a problem, e.g. a brick wall where there is only the cable protruding out of the wall and it is not an option to recess the transformer or to replace an existing light fitting, the Pillar Lite (available in 2 x 20 watt) is available with an approved 240/250 AC encapsulated IP66 dimmable transformer built into the base. The base size increases to 78mm diameter and 48mm deep.
