What Happens Next?

Following consultation all feedback will be collated and the Council will agree on changes required to meet the clear aspirations of the public. The proposals along with consultation feedback will be presented to the Littlehampton Regeneration Sub-Committee (a committee of Arun District Councillors). This will enable the committee to consider the proposals and agree recommendations.

These recommendations will then be considered further by Arun's 'Full Council' before a final decision can be made on the proposal. Should the proposal be supported by Full Council it will then assist Officers when applying for external funding to help deliver the scheme.

When Will The Project Be Delivered?

The delivery of the project is dependent on whether the Council can secure external funding. Without these comprehensive designs in place, opportunities to secure external funding to deliver the project may not be possible.
