The following comments are offered on the provided travel plan which should be incorporated into the document.

Surveys
The Travel Plan should be monitored in accordance with the TRICS UK Standard Assessment Methodology (aka TRICS SAM). This involves 3 multi-modal surveys over a 5-year period whereupon the 10% trip rate reduction target should be achieved, or further TP measures implemented.

The developer/Travel Plan Coordinator should commission these directly with the TRICS organisation

Travel Vouchers
We expect to see some sort of travel voucher offering to the initial occupants of the residential units. Vouchers should be worth at least £150 per dwelling and could be exchanged the following:
a. a season ticket for the local bus service
b. a rail season ticket or network card
c. a contribution towards the purchase of a new bicycle and/or equipment
d. Cycle training up to 4 members of the household (further details and course costs are available at www.westsussex.gov.uk/cycletraining)
e. 12 months free membership to any local Car Club (including joining fee)

Enforcement

The Travel Plan should include provision for enforcement action that would be taken in the event that the 5-year target is not met. One option might be for a second round of travel vouchers to be offered to each dwelling should the 10% trip rate reduction target not be achieved by year 5.
