Dear Mr Steve Eades

Development:
Retrospective Planning and Listed Building Consent application relating to the renewal of the gas supply at 47 South Terrace, Littlehampton following a gas escape in November 2017. Southern Gas Networks attended site and owing to current Gas supply legislation it was impossible to replace the existing internal gas supply which was the source of the leakage as the current design philosophy dictates that new gas supplies to flats must be via an external pipework system. Obviously it was a priority to supply the residents with gas for cooking and heating over the Christmas period. SGN spoke to Arun District Council Planning and the Conservation Officer and agreement was obtained for the work to commence as long as retrospective permission was sought.

Location:
47 South Terrace LITTLEHAMPTON
