Dear Mrs Johnson

I am writing with regard to the application for planning consent ref: AB/101/18/L at 54 Tarrant street, Arundel, BN18 9DN.

Further to your letter of 9.10.18 and our telephone conversation allowing for an extension until 6.11.18 I hope you have now received the amended Block Plan by post and the Design and Access Statement and the Heritage Statements by email from Victoria Holland's Architectural practice. Please let me know as soon as possible if either of these have not reached you.

In addition, I have only just noticed that on one of the accompanying sheets of paper in my original submission, there is a quotation from Roundstone Joinery. It includes quotes for the 2x bay windows, which we are seeking permission for to replace, but also at the top there is a quote for "1x casement window 1200w x 910h, with 8 light opening single glazed sash." THIS IS A QUOTE ONLY, WE ARE NOT CURRENTLY GOING AHEAD WITH THIS NOR SEEKING ANY PERMISSIONS FOR IT. Hence no mention of it in the application.

I hope that makes everything clear, present and correct. Please let me know as soon as you can if there are any other potential hitches as we would like to commence work early next year.

I look fo your reply.

Many thanks,

K.Suhrbier
