Flag Pole in Marine Park Gardens, Aldwick

10 metre flagpole fixed to a concrete base at ground level, constructed from a mixture of glassfibre matt and polyester resin.

A single piece white flagpole which features a hinged baseplate, halyard and gold finial finished in a smooth UV resistant marine grade gel coat with a high gloss sheen.

For additional security, the anti-vandal system means the rope and cleat mechanism is within the pole and can be accessed only via a secure door.
