Listing NGR : TQ0187207137

Grade 2

The existing Listed building has undergone some essential repairs to an existing chimney stack which are the subject of this application together with replacing the sections of guttering which are currently upvc with cast iron guttering (painted black) together with the renewal of a lead gutter at low level at the rear of the building.

The application seeks to obtain approval for the following items

1) Rebuilding an existing chimney stack which had become dangerous & unstable & was in a state of collapse. (This item has already been carried out)

The following item is considered necessary to maintain the character & historic interest of the Listed building.

2) Replacing sections of existing upvc guttering which has been installed to the rear & side elevations with cast iron guttering.

The following item is a maintenance item & needs to be carried out to maintain the architectural & historic interest of the Listed building.

3) Renew the existing lead gutter at low level.
