

1A Torton Hill Rd, Arundel BN18 9HF

The tree in question is a mature Lime tree in good health and provides good amenity value to the surrounding area. The proposed work would be to reduce the height by 4 metres and the lateral canopy spread by 2.5metres and crown lift it over the highway by metres as part of the 5 year maintenance of the tree. the tree in located very close to two properties and the road and has only ever been Sympathetic maintained so we would like to continue with that and not ruin the shape of the beautiful natural canopy. During these works we would also remove any dead dying or dangerous branches.

All work will be completed in accordance of British Standards bs3998 / 2010
