TIMBER FOLDING DOORS

FOLDING DOORS – NEW IMPROVED

SOLID OAK FOLDING DOORS

Our popular folding doorsets have now been improved with slimline sections, allowing even more light in and maximising the view of your garden or patio. Made from solid engineered components for greater stability and now with 70mm stiles and 100mm rails. Pre-finished Oak cill with aluminium sub cill for durability. Supplied with polished chrome handle, stainless steel hardware with 3 multipoint Vectis lock and new jumbo security hooks. Satin finish hinges with matching key locking drop bolts. Top hung system with drained bottom runner. Unique patented adjusters means the doors can be adjusted up and down or left and right with a simple screw driver action.
Supplied fully finished. U value 1.5w/m²k.
Non-stocked item, delivery within 3 weeks.
