Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).
Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.
E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Cypress (TPO/BN/1/09) (photograph "MPC 1"): Fell because restricting vehicular access to parking area following recent construction of a bank in front of previous access by owners of Barnham Court illustrated in photographs "MPC 2" and "MPC 3" ; it also shades the solar panels on the roof of the nearby garages (photograph "MPC 4") thereby restricting their efficiency; it is of little amenity value. Replant a tree of an indigenous species in the paddock to the north.
Ash (T1) (photograph "MPC 5"): Fell to create more open space in paddock; it is of little amenity value. Replant a tree of an indigenous species elsewhere in the paddock.
