Dear Sirs,

Part 18 of the Local Validation Requirements checklist states "Telecommunications Development Statement" and requests information regarding Chapter 5 of the NPPF "supporting high quality communications infrastructure" and coverage plots or data showing capacity issues.

The details of the NPPF can be found in **section 1.2.5** of our planning statement which was submitted as part of the application.

As this is the upgrade of an existing site, coverage plots and data showing capacity issues are not appropriate in these particular circumstances. The upgrade is to enhance the existing equipment.

If you have any further queries, please don't hesitate to contact me, Victoria Parsons, on 0161 956 4123 or victoria.parsons@gva.co.uk.

Kind regards,

Victoria Parsons
