DEVELOPMENT PLAN POLICIES

PLANNING POLICY GUIDANCE

POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with regard to visual and residential amenity.

The Development Plan consists of the Arun District Local Plan 2003.

Paragraph 215 of the NPPF ensures that specific policies in Arun District Local Plan 2003 can carry weight. The weight afforded to the policies with Local Plan policies can be assessed according to their level of consistency of the various policies with the National Planning Policy Framework. It should be noted that the NPPF states that weight is given to individual policies and not to the plan as a whole.

NPPF Paragraph 216 confirms that weight can be given to policies in emerging plans following publication. The Council agreed the majority of the Arun Local Plan in February 2014 (Publication Version) and this is a material consideration in the determination of this planning application. The remaining chapters of the Local Plan namely: the Spatial Portrait, Employment & Enterprise, Housing Allocations, Transport, Monitoring and Implementation will be considered for publication at a later meeting of Full Council. Following 'publication' of the Local Plan a formal public consultation, examination and adoption process takes place. The chapters that have been published will undergo public consultation alongside the remaining chapters when they have been agreed. The weight given to the current published policies can be significant depending:
- the stage of preparation of the emerging plan (the more advanced the preparation, the greater the weight that may be given);
- the extent to which there are unresolved objections to relevant policies (the less significant the unresolved objections, the greater the weight that may be given);
- the degree of consistency of the relevant policies in the emerging plan to the policies in the NPPF (the closer the policies in the emerging plan to the policies in the Framework, the greater the weight that may be given).
The policies within this published version of the plan are at an advanced stage as they have been agreed by Full Council for regulation 19 consultation, they have been subject to independent audit

and are considered to meet the NPPF and there are no known significant unresolved issues arising from regulation 18 consultation for the published policies.

The policies are published under Regulations 19 and 35 of the Town and Country Planning (Local Planning) (England) Regulations 2012. The statement of representations procedure and statement of fact produced by the Council under regulation 19 explains that the consultation will take place once the remaining chapters / policies have been published.

The Neighbourhood Development Plan

Where applicable, Neighbourhood Development Plan's (more commonly known as a neighbourhood plan or NDP), once made by Arun District Council, will form part of the statutory local development plan for the relevant designated neighbourhood area and policies within them will be considered in determining planning applications. Made NDP policies will be considered alongside other development plan documents including Arun District Council's Local Plan. Whilst an NDP is under preparation it will afford little weight in the determination of planning applications. Its status will however gain more weight as a material consideration the closer it is towards it being made. Arun District Council will make reference to an NDP when it has, by the close of planning application consultation, been publicised for pre-submission consultation(Reg.14).

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that it would have no materially adverse effect on the visual amenities of the locality or the residential amenities of the adjoining properties, nor would it have an adverse impact upon the established character of the surrounding area.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

The proposed external staircase would be located on the rear elevation of the garage, 3m from the rear boundary. It would not be readily visible from the street scene being screened from direct view by the existing garage. The alterations to the rear roof of the garage would match the materials of the existing structure and also would not be visually apparent from the site frontage.

The staircase would provide access to the roof area of the garage. The original permission for the garage was approved with a condition restricting use to ancillary purposes only.

Whilst the height of the access could afford overlooking to adjoining gardens it is not considered that adverse loss of privacy would result to neighbouring properties given the occasional use of

the storage area and the presence of tree screening beyond the rear boundary. The materials of the door are not detailed and given the potential for overlooking to occur this is conditioned to be of a solid construction or obscure glazed.

The application is therefore recommended for approval subject to the following conditions

HUMAN RIGHTS ACT

FOR APPROVAL
Human Rights Act:
The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8(the right to respect for private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal neutral impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).
