2nd July 2013

Dear Mrs Coney,

Many thanks for your email dated 2nd July 2013 regarding my recent submission.

Please accept my apologies but it would appear that I have transposed the figures incorrectly into the boxes as you have highlighted.

I confirm that the box 4 b should read 4.00 metres (maximum height of the proposed extension, measured externally from natural ground level). Box 4 c should read 2.5 metres (maximum height at the eaves of the proposed extension, measured externally from natural ground level).

I would be grateful if you would accept this letter as formal notification of this error and required amendment to my submitted application.

Should you require any further information, please do not hesitate to contact me and I apologise for this error.

Yours faithfully

David Isham
