Subject: AB/10/22/HH - Single storey side extensions - 75 Maltravers Street Arundel

CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

The **Arun District Conservation Area Advisory Panel** wish to make the following comments in respect of the above planning application.

No Objection

The building, a converted outbuilding, is located to the rears of Maltravers and Tarrant Streets.

It is unlikely that the building is visible from public areas in the conservation area but is more visible from private ones.

Given the nature of the existing extensions, it is unlikely that the proposed new extensions will have any more significant impact on the conservation area.

No doubt the Council will ensure that the materials and finishes to the proposed extensions are appropriate for the conservation area.

The Panel will appreciate these comments being taken into account in the determination of the planning application.
