

Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

1. Trees Location

Number	22
Suffix	
Property name	
Address line 1	King Street
Address line 2	
Address line 3	
Town/city	Arundel
Postcode	BN18 9BW

If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')

Easting (x)	501492
Northing (y)	107097

Description

--

2. Applicant Details

Title	Ms
First name	Lin
Surname	Chaplin
Company name	The Arboricultural Consultancy Ltd
Address line 1	3 Old Barn Way
Address line 2	
Address line 3	

2. Applicant Details

Town/city	Southwick
Country	United Kingdom
Postcode	BN42 4NS
Are you an agent acting on behalf of the applicant?	
Primary number	
Secondary number	
Fax number	
Email address	

☒ Yes ☐ No

3. Agent Details

Title	Mr
First name	Benjamin
Surname	Tidey
Company name	The Arboricultural Consultancy Ltd
Address line 1	3 Old Barn Way
Address line 2	
Address line 3	
Town/city	Southwick
Country	
Postcode	BN42 4NS
Primary number	
Secondary number	
Fax number	
Email	

4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☒ Yes ☐ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ☒ Yes ☐ No

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan; and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

T1 – Pittosporum tree – fell tree and replace with ornamental broadleaf species. Height 8m, dbh 550mm; 300mm, crown spread 4m. The tree is located adjacent to the northern boundary of the garden with the tree trunk from a banked areas amongst smaller shrubs and plants, the tree consists of a primary multi-stem trunk and a smaller individual stem, at base level to the west there is a localised area of decay with small fungal fruiting body of Phellinus pomaceus. This has resulted in lifting bark and white rot of cambium. The trunks are in contact with the boundary fence causing distortion. The tree crown has had historic pruning to branching with large pruning wounds, the tree crown has dieback of branching from pruning points. Tree to be felled because of its declining condition and the desire to improve the garden as well as to replace boundary fence. This tree is the largest tree in the rear garden overhanging neighbouring property, the tree has very little wider amenity being visible in part from Orchard Place.

T2 - Olive Tree – Reduce tree crown by height by 1m and lateral limbs by 0.5m, tree located next to garage unit with crown encroaching on garage access and street lighting. Pruning works to clear access and allow clearance of street lighting.

6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☒ Yes ☐ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒

Date (cannot be pre-application)

15/10/2020
