Planning Application Reference: AB/112/21/DOC

Proposal: Approval of details reserved by condition imposed under AB/4/18/PL relating to conditions 4-surface water drainage, 5-maintenance & management of surface water drainage & 7-Construction Management Plan

Address: 1-7 Canada Road Arundel BN18 9HZ

Dear Anita,
Please see EH comments below.

Condition 7 (Construction Management Plan)

Having reviewed the construction Management Plan, I find the document to be broadly comprehensive and I am satisfied with the proposed measures to control dust and noise from construction activities, however the requirements of the condition have not been met. To enable the condition to be discharged, please provide a site map to include:

- Locations marked out for all sub-contractor buildings
- Location/s for plant and stacks of materials
- Area/s for loading and unloading of vehicles associated with the implementation of this development.

Sincerely, Craig
