Dear Zac,

I can confirm all of the replacement windows will be painted white.

With Kind Regards

Peter Davey

Subject: AB/113/19/DOC - Query regarding application

Dear Mr Davey,

Following the consultation response from the Conservation Officer are you able to confirm that the paintwork referred to is to remain the existing colour?

I have copied the response below:

"The details of the joinery are acceptable. However, I note that the condition relates to the colour of the paintwork (for the windows/doors), and I cannot see any reference to this in the current application. If it is to remain the existing colour (white), no additional information is required."

Please do not hesitate to contact me with any further enquiries.

Kind regards,

Zac
