Subject: Revised Application for Tree Works on Sea Estate (Rustington)

Dear Sirs,
Our recent application R/212/12/T for work on trees on the Sea Estate (Rustington) was refused.

Following discussions with your Mr Ian Brewster and Mr Peter Cleveland we have therefore revised our proposals to align with ADC's comments/requirements.

Please find attached to his email copies of the following documentation:-

1. A revised application form for all trees (apart from 3 The Bramblings - see item 4 below) where we require your consent.
2. A revised list of proposed tree work for 2012-13 - note we have used the same numbering as previously. Our revised proposals (in accordance with ADC requirements) are shown in 'bold' type.
3. A plan of the Sea Estate indicating the location of tree works.
4. A separate application for works on the pine tree outside No. 3, The Bramblings. This was part of our original application, but is subject to a meeting on site arranged between your Mr Brewster and our Mr Kift. We have therefore kept this work separate to avoid any delay with approval of the main bulk of work.

Let me know if you require clarification of any matters in regard to our proposals.

Regards

Bill Donaldson
