Dear Sir or Madam,

I have received an application for a premises licence from the owner from 60 The Street, Rustington. During the consultation for the premises licence the police have requested the following conditions to be applied to the licence.

- Sufficient staff will be employed on the premises at all times to ensure adequate control and supervision of the premises.
- CCTV Cameras, with full recording facilities, are to be installed and properly maintained inside and outside the premises including all entrances and exits. All CCTV recordings shall be kept for a minimum of 31 days and will be made available to the Licensing Authority and /or the Police upon request. If video tapes are used these will be replaced on a yearly basis to ensure that recording quality is of a satisfactory standard.
- In the event of any public disorder related incident taking place on the premises or being connected with the premises, Sussex police may require the deployment on the premises of an SIA licensed door supervisor every evening from 11 pm until closing time. If such a requirement were to be made, the need for the door supervisor would remain valid until such time as Sussex police give written confirmation that it may be withdrawn.

This information may be of interested to planning officers and any planning committee.

Yours sincerely,

Rosie Bomford
Licensing Officer

No objections. This Department has no record of complaint in relation to noise arising from this premises and there do not appear to be any residential properties in the immediate vicinity, it is therefore unlikely that any noise arising on the premises during the additional hours will significantly impact upon local amenity. The significance of any additional noise in the general vicinity of the premises generated by customers during the additional hours may be affected by the opening hours of similar premises in the area.

I understand that the Licensing Team are in receipt of an application to vary the Premises License and this consultation has been forwarded with a request that they respond direct with any further observations.
