This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals which include up to 5 residential units or extensions to single units accessed from roads that do not form part of the Strategic Road Network (SRN). As such the comments provided by Local Development should be considered to be advice only, with respect to this planning application.

This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. A site visit can be arranged on request.

I refer to your consultation in respect of the above planning application and would provide the following comments.

No concerns based on the proposed plans; as the sign 1 overhangs the pavement, a Highway license will be required before it is erected.

INFORMATIVE

Before the commencement of any operation, the applicant is advised to contact West Sussex County Council (Tel no: 01243 642105) to obtain a Section 177 Licence under the Highways Act 1980 to cover any structure that overhangs the highway.
