Biodiversity Enhancement Statement

for

38 Maltravers Street, Arundel, BN18 9BU

This Biodiversity Enhancement Statement has been created to support the planning application for: Addition of pergola and irrigation tank to approved landscaping scheme Ref: AB/115/24/HH and AB/116/24/L

The following are incorporated into the approved landscaping scheme:

Patio areas will be laid to drain to proposed flower beds.

Areas of planting have been designed to be draught tolerant.

The new pathways are permeable, using pea shingle.

Bird boxes will be installed in the proposed mature tree.

A rainwater butt will be provided.

Planting of native trees and hedging (Yew and Hornbeam)

Wildflower grass borders to encourage bees and butterflies.
