Street Scene D-D

Street Scenes A-D

Ford Lane, Yapton

The Contractor is to check and verify all building and site dimensions, levels and sewer invert levels before commencing any work or shop drawings. This drawing is to be read in conjunction with current Building Legislation, British Standard Specifications, Building Regulations, Construction (Design & Management) Regulations, Party Wall Act, etc. Any discrepancies are to be reported to the Architect before any work is put in hand. All work is to be checked against any structural, geotechnical or other specialist documentation provided. Do not scale from this drawing. Figured dimensions only are to be taken. All dimensions are in centimetres. Each area of ground noted upon to support any structure assumed adequate unless otherwise stated. Trial holes are to be excavated by the Contractor and the foundation design should be undertaken by a suitably person conditions. Any topsoil or fluid ground, vegetables on or within the ground should be further investigated by a suitably qualified person. Foundations are assumed to be taken to typical depth for gardens only & should be further investigated by a suitable expert.
Where existing trees are to be retained they should be subject to a full Arboricultural Survey and BS 5837 2012 and all foundations should be designed to be a minimum of 3 metres from buildings and 3 metres from drainage and services. A suitable method of foundation is to be provided to accommodate the proposed tree planting.
