21/11/2012

Proposal: Application for Listed Building consent for conversion of loft to form bedroom and ensuite together with 3no velux windows
Site: The Old Bakehouse, 27 King Street, Arundel BN18 9BJ.
AB/118/12/L

Dear Sir,

Thank you for your letter of 26/10/2012.

Please find attached a plan of the sewer records showing the approximate position of a foul sewer within the site. The exact position of the foul sewers must be determined on site by the applicant before the layout of the proposed development is finalised.

Please note:

- No new soakaways should be located within 5 metres of a public sewer.
- No development or new tree planting should be located within 3 metres either side of the centreline of the foul sewer and all existing infrastructure should be protected during the course of construction works.

Furthermore, due to changes in legislation that came in to force on 1st October 2011 regarding the future ownership of sewers it is possible that a sewer now deemed to be public could be crossing the above property. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its condition, the number of properties served, and potential means of access before any further works commence on site.

The applicant is advised to discuss the matter further with Atkins Ltd, Anglo St James House, 39A Southgate Street, Winchester, SO23 9EH (Tel 01962 858688).

Southern Water requires a formal application for a connection to the public sewer to be made by the applicant or developer.

We request that should this application receive planning approval, the following informative is attached to the consent:

"A formal application for connection to the public sewerage system is required in order to service this development, please contact Atkins Ltd, Anglo St James House, 39A Southgate Street, Winchester, SO23 9EH (Tel 01962 858688), or www.southernwater.co.uk".

Yours faithfully
