Hello,

The **Arun Conservation Area Advisory Panel** wish the following comments to be taken into consideration in the determination of the applications:

AB/118/25/L - 16 Arun Street, Arundel

No Objection

The galleting to the flintwork is an important and attractive feature of the listed building and it is recommended that an in-situ example of the replacement flintwork, galleting, and mortar in the areas where the Helifix ties are to be introduced should be agreed with the Council's Conservation Officer. Subject to this, the Panel have no objections to the repair work which is necessary for the long term wellbeing of the historic building.

Kind regards,
Brian Banister MRTPI(Rtd), GradDiplConsAA
