ARUNDEL.

Dear Sir,

I am writing in reference to your notice stating the intention of Arun District Council to fell two sycamore ^(T4 and T5) trees at Mastlets Court, Arundel. I am a resident there, at number 14, adjacent to the trees to which your notice refers.

I have examined the site to which your notice refers. There is one, not two sycamore trees to which your notice refers. Adjacent to the sycamore is a deciduous tree not of the same genus. It is an extremely attractive

tree which I believe ^{should} be preserved.
Many of the residents here share my
view, i.e. they wish to keep the tree to
which I refer.

I look forward to your response to
this letter.

Yours faithfully,

14, Mattress Court.
