In the matter of fire risks, at the time of the inspection, that part of the premises to which the Licensing Act 1964 applies was suitable for the use contemplated.

The maximum number of persons, including members of staff, to be permitted at any one time in that part of the premises to which the Licence/Certificate applies, to be limited as follows:-

80 (Eighty persons)

The above figure is based upon the current layout and design of the premises. Any proposed changes to the building are to be notified to the Fire Service and Licensing Authority.

Should you wish to discuss the contents of this correspondence, please contact the Inspecting Officer concerned on the above telephone number.

A.L. Moore
