Dear David,

Yes, happy to accept.

I am sorry, but have been unable to get to site to give you that dimension from the front elevation to that of the opposite houses. We are very keen to retain the window on the first floor front elevation without having to obscure glaze it if possible, and given the nature of the other houses in Woodview and Howard Road, I don't feel that we are creating an unreasonable situation. There are also no representations to the application that refer to this as an issue. If you require confirmation of the exact distance between the front elevations, please do let me know.

Kind regards

David

Dear Mr Fuller,

I apologise for the delay in coming back to you in relation to this application. I am in the process of preparing my recommendation report for approval and it should be with my team leader by the end of today. However, I am not sure if this will be in time for the decision to be issued today and as such I would be grateful if you could provide written confirmation of your agreement to an extension of time until the **18th December 2017**.

Please do not hesitate to contact me should you wish to discuss this application further.

Many thanks,
David Easton
