**Please ask for:**

Technical Support Unit on extn. 37711

13th October 2017

Dear Ms Susan Paterson

**Development:**

This application is for the installation of a central heating flue on the north-west facing elevation of 1-3 Town Quay (a block of three flats constructed in the 1980's). The installation consists of a flue outlet 100 mm in diameter and a pipe 60 mm in diameter and 700 mm in vertical length (i.e. two feet and three inches in length).

The flue is above eye level and will have minimal impact upon the street scene and overall aesthetic of the immediate area. The black plastic pipe will match the existing black drain pipe in colour which is only a few centimetres away. The rubber cover to the outlet can be painted to match the dark brown of the wooden cladding.

Please note that the reason for this application is that I am required to re-site my replacement boiler to an external wall (due to changes in regulations) and the northwest elevation of the building is the only place that I am able to install a flue.

**Location:**

1 Town Quay River Road ARUNDEL

Thank you for your application submitted via the internet on 9th October 2017. It is being dealt with by the Technical Support Unit and has been allocated the reference number **AB/127/17/HH**.

We will contact you shortly with further details.

**This letter does not confirm validity of the application/documentation submitted.**

Yours sincerely

Miss N Spencer  
Technical Support Unit Officer
