Prune top of 1 No. Magnolia tree by 2m within
the Arundel Conservation Area.

11 Oct. 2017

Dear Sir

Re: Pruning magnolia tree

I refer to our telephone call to your Dpt.
at 1.35pm 9th Oct. 2017 concerning our
Magnolia tree growing at the side of
our house.

We have lived here for one year and the
tree requires pruning to ensure good health
and prevent risk to the public.

Your Department tells us there are no
preservation orders in place, but we are in
a conservation area and must inform you
of our intentions and your permission for
the work to proceed.

We understand this can take six weeks. We
would be obliged if you could approve it as
soon as possible as the work should commence
quickly. Darren Belton who will undertake the work
is very reputable and did a very good job landscaping
our garden.

Yours sincerely,
