Dear Sir,

Re: Tree pruning at Cathedral of Our Lady and St Philip Howard, London Road, Arundel, West Sussex

I am writing giving notice of our intent to undertake the following tree pruning within a designated Conservation Area:

1. **Yew** – shorten the very tips (by between 0.5m and 1m) of those small-diameter branches – to around 4m above ground level - (in the south and west quadrants of the crown) closest to the cathedral and attached buildings.

The tree is in the grounds of Arundel Cathedral and is shown highlighted on the sketch plan overleaf.

Please do not hesitate to call me should you require any further information.

Yours sincerely,

Jonathan Rodwell Cert Arb L4(ABC); TechArborA
