5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

5. Identification of Tree(s) and Description of Works

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

- Ash (T1) – remove small-diameter secondary and tertiary branches to provide 0.5m clearance around streetlight and 5m height clearance over road – to remove potential obstruction.
- Plum (T2) – fell to ground level – to increase light levels to ground floor apartments.
- Monterey cypress (T10) – Remove small-diameter branch in mid-crown (north-east sector) to regain 2m clearance from building.
- Sycamore (T15) – dismantle and fell to ground level and replace with appropriate tree for small garden i.e. Amelanchier 'Robin Hill', Cornus mas, Malus trilobata, Crataegus 'Pauls's Scarlet' - to increase light levels to ground floor apartments and garden.
- Bay (T17) – fell to ground level – due to increased risk of failure as a result of colonisation by wood decay fungi.
- Birch (T18) – shorten small-diameter branch tips of lateral growth (by up to 1m) in east and west sectors of crown to provide 2m clearance from building and road signs – to prevent obstruction.

6. Tree Ownership

Is the applicant the owner of the tree(s)?

☐ Yes ☐ No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☐ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
