Subject: RE: Request for further information AB/131/20/TC

Good morning, apologies for the late response.

The proposed height and spread of T1 and T10 remain exactly the same- the specification is for the removal of accurately identified branches or measured fixed structures or the ground.

The specification for T8 identifies pruning to the east and west sectors of the crown, provides an amount to be removed and distances from fixed structures.

Please note the work is planned to be completed by Jonathan Rodwell of Beechdown.

Kind regards
Susanne
