Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: AB/135/20/OUT
Site Address: Land at Ford Road Arundel
Description of works: Outline application with some matters reserved (except for access) for the development of 90 dwellings & associated amenity land. This application is a Departure from the Development Plan, affects the setting of listed buildings & affects the character & appearance of the Arundel Conservation Area.

Thank you for your internet representation made on 5th January 2021 which has been recorded as an objection with the comments as follows:

OWPC32517

Dear Sirs

I object to the current plans on many fronts:

- 1) The current plans includes building a road immediately behind my property which will bring noise and enable access into my garden with a resultant increased security risk. I propose that the plans are redrawn with gardens backing onto the outer perimeter with the access road placed to the south west (inside) of the planned properties.
- 2) Access via Dalloway Road- there should be no access via this route as visitors will park here due to there being limited parking available in the plans. Dalloway Road is already a very small and difficult to access highway and will become extremely dangerous if there is access to the site via Dalloway road. I would suggest increased access should be via Priory road where there are currently very few dwellings as opposed to Dalloway Road and the adjoining closes.
- 3) The lower density housing should be placed at the Dalloway road end (North) of the site rather than the priory road and Ford Road ends (South) as this is the higher placed slopes and the properties will overlook Dalloway road gardens/houses.

Your views as made above will be considered before the application is determined.
