Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: AB/135/20/OUT
Site Address: Land at Ford Road Arundel
Description of works: Outline application with some matters reserved (except for access) for the development of 90 dwellings & associated amenity land. This application is a Departure from the Development Plan, affects the setting of listed buildings & affects the character & appearance of the Arundel Conservation Area.

Thank you for your internet representation made on 8th January 2021 which has been recorded as an objection with the comments as follows:

OWPC32714

It is outrageous to consider this development, Tortington lane which is already a dangerous rat run which will be inundated with additional traffic to the already dangerous loads which frequent that tiny lane. Someone will be killed and I will hold who ever looks over this decision as personally responsible, myself and family have been narrowly missed by excessive speeders and it is a dangerous consideration to walk down it due to inconsiderate drivers not sticking to the speed limit and in huge vehicles too!! The added stress of this development on the local area is not welcomed at all, from a natural stand point and also a residential view this can only be interpreted as a fund making scheme for the local council, do not destroy further parts of our beautiful countryside for a few bucks!! The A27 bypass is in my opinion something necessary but this most certainly is not, you are already raping a large part of the area with that development so for God sakes leave the rest of our incredibly beautiful countryside alone, before we lose it for good!!

Your views as made above will be considered before the application is determined.
