Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: AB/135/20/OUT
Site Address: Land at Ford Road Arundel
Description of works: Outline application with some matters reserved (except for access) for the development of 90 dwellings & associated amenity land. This application is a Departure from the Development Plan, affects the setting of listed buildings & affects the character & appearance of the Arundel Conservation Area.

Thank you for your internet representation made on 8th January 2021 which has been recorded as an objection with the comments as follows:

OWPC32717

I have 2 serious concerns about this development : The so called "Emergency Vehicle Access" to Dalloway Road will create all sorts of problems IF it isn't properly gated and locked for use in Emergencies ONLY. Dalloway Road is not suitable for increased amounts of traffic that this development would create if easily accessible for any vehicle. People would not only use it for parking, but also for the purpose of rat running into Arundel. Surely another more suitable access not affecting so many dwellings and families could be found Secondly this development could be the beginning of development all along this stretch of Ford Road possibly linking up eventually with the planned development at Ford Airfield. The question has to be asked if this possible mass development is sustainable, desirable, or suitable for this narrow single lane road, along with the negative effect it would bring on Arundel itself, and the beautiful surrounding countryside. The danger is that one thing inevitable leads to another !
