Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5**

Application No: AB/135/20/OUT  
Site Address: Land at Ford Road Arundel  
Description of works: Outline application with some matters reserved (except for access) for the development of 90 dwellings & associated amenity land. This application is a Departure from the Development Plan, affects the setting of listed buildings & affects the character & appearance of the Arundel Conservation Area.

Thank you for your internet representation made on 14th January 2021 which has been recorded as an objection with the comments as follows:

OWPC32866

We have a few concerns about this proposed development and I will list them below.

1. What exactly does affordable housing mean?
2. Are the properties aiming to be carbon neutral. Will all the houses have solar panels or heat pumps to run the heating systems.
3. Very concerned about the emergency access on to Dalloway Road. Why is one needed when there is the main access onto the Ford Road? Our suspicion is that in the end the 'emergency access' will be opened fully and this local area will become a rat run as people will cut through Jarvis Road, Pearson Road and then Dalloway Road to get into the new development rather than go down to the roundabout at the bottom of Hospital Hill.
4. This development will inevitably lead to a further reduction in bio-diversity in this area of significant environmental value.

Your views as made above will be considered before the application is determined.
