12 January 2021

Planning Application AB/135/20/OUT

Dear Mr. Eastham,

I called the planning department to confirm that it would be acceptable for me to submit the attached petition signatures as support for the objection to the above planning application.

691 local families signed the petition asking the Norfolk Estate to reconsider their plans for development of this greenfield site. The reasons they signed are listed on the petition heading and I won't repeat them here but would reiterate, that their reasons are still valid and have not been dispelled by any alterations in the planning application.

The developer will argue that the site was included in the Neighbourhood Plan which 80% of the residents voted in favour of. This is true, and who would not vote in favour of something that in theory might try and halt the disastrous and utterly unsustainable overdevelopment in this area! However, in a rather cynical move, the Norfolk Estate made sure, through affordable housing promises, that this development was included in the Neighbourhood Plan. My point is, 80% approved of the Neighbourhood Plan but 80% did not approve of this development and the signatures on this petition prove it. I would ask that you take this into consideration when assessing this application.

The density of this development and the sudden influx of 200 plus people on the local services and infrastructure is totally unsustainable. (Please use Ford Road during rush hour to see what an extra 200 cars would do to the area.) Having spoken to a lot of local people during the course of getting this petition signed, I can say there is a great deal of anger and frustration that the Council seems oblivious to existing residents' welfare and wellbeing, pandering instead to the interests of profit driven developers. We sincerely hope that with the change in the Government's attitude towards the environment and the climate emergency, Arun Council starts pushing back against the level of development in the area. There are plenty of smaller sites in and around Arundel that could provide affordable housing (which is what is required) enabling population to grow over a sustainable period. We appreciate the profit potential for developers is not as high but surely the Council's foremost objective is to look out for the wellbeing of the residents already living here.

[REDACTED]

Simon Gray, 40 Torton Hill, Arundel, BN18 9HL [REDACTED]

Residents Appeal to the Duke of Norfolk to reconsider his planned development of greenfield land

To: Duke of Norfolk

Please consider the impact on the quality of life for Arundel's existing residents and preserve the surrounding beauty of our rapidly dwindling countryside.

Why is this important?

We feel this petition is important because a large number of residents in and around the development area were and are still, completely unaware of its existence.

What's at Stake:

- *These people will have to use their cars so - more Congestion*
- *Access via Ford Road and Dalloway Road, both unsuitable for extra traffic*
- *Destruction of wildlife and a vital corridor between the ancient woodland and water meadows*
- *The start of infilling along the whole of Ford Road, particularly if the By-Pass is built*
- *Further erosion of Arundel's beautiful, unique green setting in the folds of the South Downs*
- *Local schools are already full and the Doctors surgery is struggling to meet current demand*

WHAT about the Climate Emergency declared by our own parliament and the Duke of Sussex? How is this helping? Concreting over yet more countryside for executive homes, when there are alternative sites in town that are derelict or standing empty which would be more suitable for conversion to affordable housing.

PLEASE, SIGN OUR PETITION FOR RESIDENTS APPEALING to the DUKE OF NORFOLK to think again. Please consider the impact on the quality of life for Arundel's existing residents and preserve the surrounding beauty of our rapidly dwindling countryside.

Signed by 287 people:

Residents Appeal to the Duke Of Norfolk to re-consider his planned development of greenfield land in Arundel

Duke of Norfolk plans to initially build 90 houses on this huge green field site without any resident consultation and no guarantees for adequate infrastructure or local amenity improvements.

What's at Stake

- *These people will have to use their cars so - more Congestion*
- *Access via Ford Road and Dalloway Road, both unsuitable for extra traffic*
- *Destruction of wildlife and a vital corridor between the ancient woodland and water meadows*
- *The start of infilling along the whole of Ford Road, particularly if the By-Pass is built. *
- *Further erosion of Arundel's beautiful, unique green setting in the folds of the South Downs*
- *Local schools are already full and the Doctor's surgery is struggling to meet current demand*

WHAT about the **Climate Emergency** declared by our own parliament and the Duke of Sussex? How is this helping? Concreting over yet more countryside for executive homes, when there are alternative sites in town that are derelict or standing empty which would be more suitable for conversion to **affordable housing**.

PLEASE, SIGN OUR PETITION FOR RESIDENTS APPEALING to the DUKE OF NORFOLK to think again. Please consider the impact on the quality of life for Arundel's existing residents and preserve the surrounding beauty of our rapidly dwindling countryside.

RADON PETITION – We the undersigned wish to appeal to the Duke of Norfolk to reconsider his plans to sell land for development in Arundel. Your personal information will be kept private and held securely.

PLEASE, SIGN OUR PETITION FOR RESIDENTS APPEALING to the DUKE OF NORFOLK to think again. Please consider the impact on the quality of life for Arundel's existing residents and preserve the surrounding beauty of our rapidly dwindling countryside.

RADON PETITION – We the undersigned wish to appeal to the Duke of Norfolk to reconsider his plans to sell land for development in Arundel. Your personal information will be kept private and held securely.
