Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: AB/135/20/OUT
Site Address: Land at Ford Road Arundel
Description of works: Outline application with some matters reserved (except for access) for the development of 90 dwellings & associated amenity land. This application is a Departure from the Development Plan, affects the setting of listed buildings & affects the character & appearance of the Arundel Conservation Area.

Thank you for your internet representation made on 28th January 2021 which has been recorded as an objection with the comments as follows:

OWPC33326

Regarding the above planning application:-

Reasons for objections:-

Arundel does not have sufficient infrastructure/amenities to support more houses; the doctors surgery is already overstretched as proven by the current pandemic, school places are also limited.

The Town's constantly increasing profile as a leisure / event hub, has increased traffic and parking is hopelessly difficult for residents, increase housing, increase the problem.

Traffic on the Ford Road is very high and would be negatively impacted by this development - there is STILL no pavement between Arundel and Ford railway station, an accident waiting to happen, fair to anticipate, with this development, that more people would be using Ford station, you simply cannot keep building more houses without relevant infrastructure.

The proposed 'emergency link' into Dalloway Road has the potential to increase traffic on a very dangerous corner and would inevitably lead to overflow parking, in an already heavily parked area, from the new estate both during construction and beyond.

Your views as made above will be considered before the application is determined.
