Subject: OBJECTION TO AB/135/20/OUT

The subject "development" would be deleterious to the South side of Arundel, by introducing further road congestion and dangerous and disruptive rat-running.

It would also seriously increase the pressure on already stressed schools and medical facilities, and further crowd the town in Summer, when many day visitors will flock back here on emergence from COVID lockdown.

It would be far better to redevelop redundant shop and office sites in towns such as Chichester. We need a far more imaginative approach to the future built environment if we are finally to control its ceaseless spread in the South-East. The national policy of "levelling up" the UK's regions will prove to be bogus, if this sort of proposal goes ahead.
