Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5**

Application No: AB/135/20/OUT  
Site Address: Land at Ford Road Arundel  
Description of works: Outline application with some matters reserved (except for access) for the development of 90 dwellings & associated amenity land, including land for a community building & for a community allotment. This application affects the setting of listed buildings & affects the character & appearance of the Arundel Conservation Area.

Thank you for your internet representation made on 7th April 2021 which has been recorded as an objection with the comments as follows:

OWPC34973

Dear Sir,

I wish to object to this planning on the basis that the land in question is a greenfield site. The infrastructure is not in place to adopt such a development with over subscribed schools, one medical surgery and little direct transport links from the development site. High Ridge close will according to the plan have a 'walk through' from the development. High Ridge is a narrow residential close which barely supports two way traffic. We currently accommodate allotment holder traffic which during spring/summer months can necessitate parking elsewhere and it would only be a matter of time before residents in the development parked and 'walked through' for convenience. Steward's Rise will become the latest 'rat run' as potential residents use this rather than the already congested A27 end of Ford road to access the development. Please consider points raised in your deliberation. Nic Naylor
