Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

AB/135/20/OUT

Land at Ford Road Arundel

Outline application with some matters reserved (except for access) for the development of 90 dwellings & associated amenity land.

Heritage Statement Addendum

I have reviewed the addendum and note that it identifies that the cumulative impact of the development in tandem with the proposed A27 Arundel bypass, will cause less than substantial harm. This accords with my conclusions, and as a result, I have no further comments to make.
