Arun District Council Planning Dept.,
Council Offices,
Littlehampton,
West Sussex.

Dear Sirs,

I rang your Office recently to make a protest about plans to build 90 houses off the Ford Road in Arundel. I was told that someone would ring me back and Mrs Johnson rang me yesterday and told me to write to you setting out my objections.

My main objection is to the inevitable increase in traffic, especially H.G.V.'s. The present traffic is constant, especially H.G.V.'s which completely ignore the notice at the roundabout entering from the Ford Road off the A27, which clearly states "not suitable for H.G.V's"

Yesterday I received another leaflet informing me that there is now another application from County Hall, Chichester WSCC/O11/21, for an incinerator and adjacent buildings to be erected in the area which will increase even more the H.G.V. traffic on Ford Road. Not only will this be awful for the present residents but will lower the value of our properties considerably.

Although my address is Priory Road to the frontage, the back of my property and main garden back onto Ford Road.

Mrs Pauline Fenella Monkhouse.
