We strongly object to the building of a large area of housing South of Maxwell Road, Ford Road, Arundel.

1. The traffic in Ford Rd is already at capacity.
2. Another development near the A27 is being built and will add to congestion.
3. Another development is being built at the Climping end of Ford Road.
4. We already have difficulty navigating huge amounts of traffic as we leave and return to Kirdford Road.
5. Additional facilities are not in any of the schemes - eg Doctors, schools, playgrounds, parking etc. We are full to capacity now.

6. The constant delays to building the A27 bypass road are making everything more difficult.
7. We have huge lorries and vans travelling along Ford Road (often at dangerous speeds) to avoid traffic snarl ups on the A27.
8. It is becoming less and less healthy to live here - it's dangerous for young children to inhale all the fumes. As older citizens we too dislike the traffic and noise and fumes we have to navigate daily.

Yours,,
Susan Lacey and Michael Naish
18 Kirdford Rd BN18 9EE
