Dear Arun District Council.

I am writing to object to the proposal to build 90 houses on the field between Ford Road and ancient woodlands.

Reference: AB/135/20/out

I live on Ford Road and know first hand how busy it is. There are very limited pavements making it very dangerous.

As you know there have been for sometime a movement to create a path for walkers and for bicyclists down to Ford Station, however there is no sign of this happening. Although there is a recommendation on the road that it is not suitable for HGVs there is a constant stream of them along the road. With building this will clearly increase.

Added to this, once building is approved in this beautiful area it will lead to an outpouring of further building. This will also affect the wildlife in this area.

Building needs to happen on brown field sites. If the castle is keen to build then the best site would be the conversion of the castle stable blocks on the London Road, which is a far quieter road than Ford Road and is also opposite a school.

With Good Wishes,

Carole Beaty
