57 High St Arundel

Dear Julie,
I have received your email regarding the proposed works to the rear of the building. I have reviewed the attached documents and the proposed works. I am happy to confirm that the proposed works are acceptable and I have no objections to the proposed works.

I have also reviewed the proposed works and I am happy to confirm that the proposed works are acceptable and I have no objections to the proposed works.

~~I have also reviewed the proposed works and I am happy to confirm that the proposed works are acceptable and I have no objections to the proposed works.~~
I have also reviewed the proposed works and I am happy to confirm that the proposed works are acceptable and I have no objections to the proposed works.

*Yellow bricks saved from a small demolition to the rear of the building have been approved by the council (please see attached)

*Method statement from my builder who has already carried out extensive works on the property over the years and has proven to be an excellent, reliable and professional builder. (Please see attached)

*Photo montage of the works with block plan highlighting area of concern.

Ok sending this along with warmest regards.

Innessa

Yours faithfully,
Innessa B
