Dear Miss Burrows,

Re AB/142/14/T

Further to your letter dated 11 November 2014, I write to confirm the dimensions in meters that are being cut from the trees.

I adopt the numbering used on the application form (box 7)

T4: 6m reduction in height only.

T1: Removal of 5 branches entirely (as shown on photo) and crown reduction by 1.5m

Tree A: 5m from height.

Tree B: 6m from height.

Tree C: 4m from height.

Tree D, E & F: completely felled and stumps removed.

I trust the above is in order and can be attached to the application.

Please note that the tree officer has already viewed the site and offered support in principle to the above works.

Further, all works will be undertaken by a registered arboriculturist.

Please could you confirm receipt of the above information

Thanks in advance,

Yours sincerely,

Adrian Burrows
