Dear Sir/Madam,

This is a second application for proposed works to a tree in a conservation area. The first application was handed in to your main desk on Tuesday, 23rd September, addressed: "For the attention of David Lloyd, Tree Officer". The application was made after a meeting with David Lloyd and the trees owners, Mr & Mrs Phillips and all agreed ^{that} the work needed to be done; the Tree Officer offering that he would not ask for a T.P.O. to be placed on the tree and that work on the tree was necessary in order to rebuild the boundary wall.

Considering the above and the delay, would it be possible to process the application so that we can rebuild the wall and avoid soil loss and slip from the garden of number 29 Maltravers Street into the ^{applicant's} garden.

Thank you for your help.
