

## DECISION NOTICE

Application Ref: AB/148/21/PL

**1 To Addressee**

MH Architects Ltd  
Bicentennial Building  
Southern Gate  
Chichester  
PO19 8EZ

**2 Site Address**

7 Canada Road  
Arundel  
BN18 9HZ

**3 Description of Development**

Demolition of 4no. existing bungalows and erection of 5 No. 2 bedroom dwellings with associated parking and landscape. This application is in CIL Zone 2 and is CIL liable as new dwellings.

**4** In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to the following conditions.

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans

- Location, Site and Site Sections Plan - 01 G
- Proposed Floor Plans, Elevations and Sections - 02 F
- Highway Retaining Wall - WG1365 / 01 C3
- Construction Details - Sheet 1 - D1955-400 Rev B
- Construction Details - Sheet 2 D1955-501 Rev B
- Construction Details - Sheet 3 D1955-50
- S278 Legal Agreement - D1955-40 Rev C
- Horizontal Alignment and Surface Finishes - D1955-40 Rev B
- Topographical Survey and Levels - D1955-40 Rev C
- Construction and Environmental Management Plan - 20/12/2021

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policy D DM1 of the Arun Local Plan.

- 3 Development shall not commence until full details of the maintenance and management of the surface water drainage system is set out in a site-specific maintenance manual and submitted to, and approved in writing, by the Local Planning Authority. The manual is to include details of financial management and arrangements for the replacement of major components at the end of the manufacturer's recommended design life. Upon completed construction of the surface water drainage system, the owner or management company shall strictly adhere to and implement the recommendations contained within the manual.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies W DM1, W DM2 and W DM3 of the Arun Local Plan. It is considered necessary for this to be a pre-commencement condition to ensure that the future maintenance and funding arrangements for the surface water disposal scheme are agreed before construction commences.

- 4 Development shall not commence, other than works of site survey and investigation, until full details of the proposed surface water drainage scheme have been submitted to and approved in writing by the Local Planning Authority. The design should follow the hierarchy of preference for different types of surface water drainage disposal systems as set out in Approved Document H of the Building Regulations, and the recommendations of the SuDS Manual produced by CIRIA. Winter groundwater monitoring to establish highest annual ground water levels and winter Percolation testing to BRE 365, or similar approved, will be required to support the design of any Infiltration drainage. No building / No part of the extended building shall be occupied until the complete surface water drainage system serving the property has been implemented in accordance with the agreed details and the details so agreed shall be maintained in good working order in perpetuity.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies W SP1, W DM1, W DM2 and W DM3 of the Arun Local Plan. This is required to be a pre-commencement condition because it is necessary to implement the surface water drainage system prior to commencing any building works.

- 5 At least 10% of the energy supply of the development shall be secured from decentralised and renewable or low carbon energy sources (as described in the glossary at Annex 2 of the National Planning Policy Framework) unless it can be demonstrated that a fabric-first approach would achieve an equivalent energy saving. No development above damp proof course (DPC) level shall take place unless and until details and a timetable of how this is to be achieved for the development, including full details of physical works on the site, has been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with the approved details and timetable and retained as operational thereafter.

Reasons: In order to secure a reduction in the use of energy at the site in accordance with national planning policy and policy ECC SP2 of the Arun Local Plan. This is required to be a pre-commencement condition because the approved measures may need to be built into the fabric of the buildings.

- 6 No construction/demolition activities shall take place, other than between 08:00 to 18:00 hours (Monday to Friday) and 08:00 to 13:00 hours (Saturday) with no works taking place on Sunday or Bank Holidays unless they are not audible outside of the application site.

Reason: To protect the amenity of local residents in accordance with policies QE SP1 and QE DM1 of the Arun Local Plan

- 7 No development above damp proof course (DPC) level shall take place until there has been

submitted to, and approved by, the Local Planning Authority, a landscaping scheme including details of soft landscaping. Landscape details would need to include a detailed planting plan and specification detailing species choice, actual plant quantities, planting densities and size at time of planting. Detail should also be provided regarding existing trees and boundary planting.

The approved details of the landscaping shall be carried out in the first planting and seeding season, following the occupation of the buildings or the completion of the development, whichever is the sooner, and any trees or plants which, within a period of five years from the completion of development, die, are removed or become seriously damaged or diseased, shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written consent to any variation.

Reason: In the interests of amenity and of the environment of the development in accordance with policy D DM1 of the Arun Local Plan.

- 8 No development above damp proof course (DPC) level shall take place unless and until a schedule of materials and finishes to be used for external walls and roofs of the proposed residential buildings have been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the building.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity and character and appearance of the area by endeavouring to achieve buildings of visual quality in accordance with policy D DM1 of the Arun Local Plan.

- 9 All activity at the site is to be carried out in strict accordance with the ' Arboricultural Method Statement Jan 22 and 'Tree Protection Plan - Arbtech TPP 02

Reasons: To comply with BS5837 and policy ENV DM4 of the Arun Local Plan to ensure that retained trees are afforded due respect and appropriate levels of protection such that their ongoing health and vitality is not compromised, and they can continue to enhance the landscape and amenity of the area.

- 10 No development above damp proof course (DPC) level shall take place until full details of the placement of bird and bat nesting boxes either on the house or in the rear garden have been submitted to and approved in writing by the Local Planning Authority. The approved details shall then be implemented in full prior to occupation and thereafter retained to the satisfaction of the Local Planning Authority.

Reason: In the interests of biodiversity enhancement as per the requirements of Arun Local Plan policy ENV DM5 and the National Planning Policy Framework.

- 11 No part of the development shall be first occupied until covered and secure cycle parking spaces has been provided in accordance with the approved planning drawings (02 F).

Reason: To provide alternative travel options to the use of the car in accordance with TSP1 of the Arun Local Plan and current sustainable transport policies

- 12 No development shall commence until the vehicular access serving the development has been constructed in accordance with the approved planning drawing. (01 G).

Reason: In the interests of road safety in accordance with TSP1 of the Arun Local Plan.

- 13 Prior to occupation of the dwelling, a scheme for the provision of facilities to enable the charging of electric vehicles to serve Unit 1) shall be submitted to the Local Planning Authority for approval and thereafter implemented in accordance with the approved details and the charge point shall thereafter be retained and maintained in good working condition.

Reason: New petrol and diesel cars/vans will not be sold beyond 2030, to mitigate against any potential adverse impact of the development on local air quality and to provide sustainable travel options in accordance with policies T SP1, T DM1 & QE DM3 (c) of the Arun Local Plan, the Arun District Council Electric Vehicle Infrastructure Study (November 2017) and the National Planning Policy Framework (NPPF).

- 14 No part of the development shall be first occupied until the car parking has been constructed in accordance with the approved site plan (01 G). These spaces shall thereafter be retained at all times for their designated purpose.

Reason: To provide car-parking space for the use in accordance with TSP1 of the Arun Local Plan.

- 17 Notwithstanding the provisions of Part 1 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order, 2015 (or any Order revoking or re-enacting this Order) no extensions (including porches or dormer windows) to the dwelling houses shall be constructed or buildings shall be erected within the curtilage unless permission is granted by the Local Planning Authority on an application in that behalf.

Reason: To safeguard the privacy and amenity of adjoining occupiers, maintain adequate amenity space and safeguard the cohesive appearance of the development in accordance with policy D DM1 of the Arun District Local Plan.

**This application is subject to the Community Infrastructure Levy (CIL) as levied under Arun district Council's CIL Charging Schedule as adopted on 15th January 2020.**

Shortly you will receive a Liability Notice which includes the calculated charge and person(s) liable to pay. If you have not submitted all the necessary CIL forms such as Assumption for Liability ([Form 2](#)) or any appropriate exemption or relief forms available on the Councils website <https://www.arun.gov.uk/cil> you must do so prior to commencement of your development. Failure to do so would invalidate any claim for exemption or relief. Furthermore, you must remember to submit your Commencement Notice no later than the day before the day on which the chargeable development is to commence. Failure to do so could result in a surcharge of up to £2,500.

INFORMATIVE: If during construction works, it becomes apparent that implementation cannot be carried in accordance with previously agreed details any resubmission of the drainage design must be accompanied by an updated copy of the management manual.

INFORMATIVE: The applicant is advised to enter into a legal agreement with West Sussex County Council, as Highway Authority, to cover both the off-site highway works and proposed adoptable on-site highway works. The applicant is requested to contact The Implementation Team Leader (01243 642105) to commence this process. The applicant is advised that it is an offence to undertake any works within the highway prior to the agreement being in place and any works commenced prior to the S38 agreement being in place are undertaken at their own risk.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Neil Crowther  
Group Head of Planning

Case Officer: Amber Willard

Decision Issued: **28th April 2022**

Arun District Council  
The Arun Civic Centre  
Maltravers Road  
Littlehampton  
West Sussex BN17 5LF

**IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT**

## APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must send notice to the Local Planning Authority and Planning Inspectorate([inquiryappeals@planninginspectorate.gov.uk](mailto:inquiryappeals@planninginspectorate.gov.uk)) at least 10 days before submitting the appeal. Further details can be found at [www.GOV.uk](http://www.GOV.uk)

## PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on

highway land).
