5th January 2015

Dear Sir

23 King Street Arundel
AB/166/14/4HH AB/162/14/L

Having studied the details of the above application, it is hard to understand the objection or delay to the scheme.

The proposed improvements will modernise the property in line with most other properties in the street, albeit on a generally more modest scale. The slight changes to the exterior largely return the house to its original intended appearance, and the bathroom addition is hardly out of line with modern practice.

The delayed response from your office does seem difficult to justify, particularly as it continues to impose unnecessary considerable costs, inconvenience, and now real hardship on the applicants.

Your early attention to this would be greatly appreciated by all concerned.
