Dear Sir

Re 23 King Street
Planning Application Nos AB/166/14/H4 & AB/162/14/H

I have been told by someone a neighbour that the application for Planning has been refused.

Re the interior you may not be aware that most of the houses in King Street have had similar alterations throughout the years without any planning objections or without causing problems to neighbours.

Re the exterior the applications appear to have considered the historic houses conservation area.

We all presume & hope you will accept these plans without further delay so work can commence.

Yours faithfully

Has, until recently, lived in a 2nd house I appreciate care is taken for preservation.
